

ARVIND RAWAT

L A R A V E L D E V E L O P E R

PROFILE

Web Developer focused on backend development with hands-on experience across the full web development lifecycle. Skilled in Laravel, Node.js, MySQL, and MongoDB, with strong expertise in project delivery, client collaboration, and building scalable, high-performance applications.

WORK EXPERIENCE

Laravel Developer (Software Engineer 2)

■ Kliff Technologies | Dec 2024 – Present

- Developed and deployed an Inventory & Franchise Stock Management System in Laravel & MySQL, including GRN, GRT, Stock Transfer, Stock Adjustment, and Distribution modules with batch and serial tracking.
- Engineered a Donation Management System for a Homeless Care Foundation with secure online payments and complete donor management workflows for 1000+ donors, achieving zero downtime.
- Built a robust MLM platform backend with referral hierarchy, commission & bonus distribution, withdrawal processing, and product sales dashboards.

Laravel Developer (Software Engineer 2)

■ SaberEdge IT Solutions | Feb 2021 – Dec 2024

- Contributed to e-voting systems, e-commerce platforms, LMS portals, and educational websites, delivering end-to-end, production-ready solutions.
- Developed LMS portal and Fenfo website using React, Redux, and Context API, ensuring responsive, high-performance frontend experiences.
- Handled full-stack development and performance optimization using PHP, Laravel, React.js, MySQL, AJAX, CSS, Bootstrap, JavaScript, and jQuery.

■ Full Stack Developer

Techpar Solutions | Jan 2020 – Feb 2021

- Developed high-performance PHP-based commerce and gaming websites with frontend focus and scalable backend logic.
- Implemented interactive UI features using PHP, JavaScript, AJAX, CSS, and Bootstrap, ensuring responsive user experiences.
